

MORPAC 2020

Mid-Year Report

MORPAC is the voluntary, non-partisan Political Action Committee (PAC) of the Mortgage Bankers Association (MBA). It is the only PAC that directly represents the interests of the real estate finance industry in our nation's political system.

MORPAC helps to build and maintain relationships between our industry and legislators. MORPAC is the best and most transparent way for us to have a positive, collective impact on the political process and support candidates for congressional office who support our interests. It is funded entirely through voluntary contributions from eligible industry professionals.

DID YOU KNOW?

YOU CAN CONTRIBUTE TO MORPAC BY TEXTING MORPAC TO 50457

As the only federal PAC that represents the entire real estate finance industry, MORPAC allows us to send a strong, collective and clear message to key policymakers.

Contributions to morpac are not tax deductible for federal income tax purposes. Federal law requires us to use our best efforts to collect and report the name, mailing address, occupation and name of employer of individuals whose Contributions exceed \$200 in a calendar year. Contributions to morpac are used to support candidates to federal office. All contributions to morpac are voluntary. You may refuse to contribute without reprisal. The guidelines mentioned are merely suggestions. You are free to contribute more or less than the guidelines suggested and mba will not favor nor disadvantage you by reason of the amount of your contribution or your decision not to contribute.

MORPAC CHAIR LETTER

While no formal announcement was conveyed, MORPAC paused its typically aggressive level of fundraising activities in mid-March, outside of maintaining recurring contributions via payroll deductions and monthly/quarterly credit card contributions. Consequently, and despite an incredibly strong first quarter, our current MORPAC fundraising totals are predictably behind the pace of our 2019 and 2018 efforts.

In June, MORPAC hosted a successful Action Week (June 15-19), the official kick-off event for MORPAC fundraising efforts. 8 professional organizations participated, recruiting 400 donors who contributed or pledged to MORPAC, and raising more than \$350,000 (collected/pledged), bringing our mid-year 2020 fundraising total to roughly \$650,000.

MORPAC is the only PAC that directly represents the interests of the entire real estate finance industry. MORPAC helps to build and maintain relationships between industry and legislators and it's important that we stay at the forefront of issues critical to your business and your communities. It is funded entirely through voluntary contributions from eligible industry professionals.

So far during the current 2019-20 election cycle, MORPAC has raised nearly \$1.8 million from grassroots individual donors, has contributed over \$1.7 million to federal candidates and party committees, and has maintained its national "top 20" ranking among trade association PACs.

The 2020 elections will undoubtedly have a significant impact on our industry. As such, it is critical that MBA continues to leverage MORPAC to engage key policymakers while they actively consider and pass legislation impacting our member's businesses and customers.

We are pleased to share our 2020 MORPAC Mid-Year Report that details our campaign's progress through June 30, 2020. As a show of gratitude to our dedicated contributors, this report lists all the individuals and companies who have been a part of our 2020 campaign cycle, including those who participated during MORPAC Action Week. We've also highlighted policy wins our political programs helped advance, and our MORPAC Speaker Series, a donor benefit program offered exclusively to MORPAC supporters.

We hope that you will see the great steps we are taking with our PAC and on our legislative and political priorities. None of this is possible without your active involvement and your continued support is imperative to our success. Now is the time to engage!

Sincerely,

Eduardo Perez, CMB
2019-2020 MORPAC Chairman
President, Equity Prime Mortgage LLC

ADVOCACY WINS

This year's policy and advocacy successes are instrumental and demonstrate MBA's ability to lead, even during great change. MBA advocacy leads our members in thoughtful ways with meaningful impact, as noted below.

COVID-19 Pandemic Response Policy Wins

- Successful implementation of origination flexibilities — such as alternatives to traditional appraisals and verbal verification of employment — across agencies and investors to help lenders serve borrowers during the COVID-19 pandemic.
- Successfully advocated for remote work options for MLOs and others working for state licensed IMBs. MBA urged state regulators to obtain written guidance for mortgage loan originators and others to work from home in states where they are required to work from a licensed office or branch. MBA also advocated with state policy makers to add financial services to “essential worker” authorizations.
- Advocated for alignment between state COVID-related legislation and the CARES Act. MBA worked with its partner state and local associations nationwide to address the challenge of coronavirus relief legislation that sought to go well beyond the mandates for residential, commercial, and multifamily forbearance in the federal CARES Act. In New York and Washington, DC, MBA led efforts to successfully amend legislation to align state compliance with federal requirements, and to defeat the most extreme of these policy proposals in California.
- Implementation of policies and programs supporting servicer liquidity during the period of high forbearance rates due to the COVID-19 crisis, including broad bipartisan, bicameral support in Congress, Ginnie Mae's PTAP program and the 4-month limit on servicer advance obligation from the GSEs.
- Obtained policy changes from FHA, CFPB and FHFA to improve post-forbearance options for borrowers and servicers including:
 - + helping borrowers that have exited forbearance obtain financing without long waiting periods
 - + providing streamlined forbearance exits by allowing borrowers to defer forbore payments to the end the loan term without a loan modification
 - + waiver of costly FHA QC requirements on loans in forbearance, and
 - + relief from delinquency triggers in GSE, FHA and Ginnie Mae eligibility standards
- Led joint trades requests for life company accounting and risk-based capital relief for loans modified to address temporary impacts of the pandemic. The National Association of Insurance Commissioners (NAIC) granted the requested accounting relief and provided capital reporting relief for loan modifications that occur during 2020.
- Secured important clarification from the OCC and FDIC via an industry coalition that the Troubled Debt Restructuring (TDR) relief provided by the federal prudential regulators in a March Interagency Statement and in the CARES Act relates to lending arrangements with non-bank lenders, including warehouse lines of credit and repurchase agreements.
- Successfully advocated for the Federal Reserve's revisions to the Term Asset-Backed Securities Loan Facility (TALF) program to extend eligibility to seasoned AAA CMBS as collateral.

ADVOCACY WINS CONTINUED

Other Policy Wins

- Enactment of Remote Online Notarization (RON) in 26 states – 25 of which align with the MBA model bill for state laws. MBA also achieved bipartisan, bicameral introduction of legislation to enable the nationwide use of RON.
- Reduction in False Claims Act risk for FHA lenders as a result of revised program certifications and defect taxonomy.
- Expansion of FHA’s CWCOT program eligibility, increasing the use of direct conveyance and improving the bid process.
- Successfully advocated for changes to OCC’s final revised CRA rule to provide full credit for mortgage banking activities. The proposed rule would have provided only partial credit for mortgage banking.
- MBA worked closely with a broad range of member firms and led the effort with trade groups and policymakers -including the IRS, Treasury Department, FHFA, the GSEs, and Congress- to obtain much-needed clarification from the IRS regarding the effective date for Section 2202 of the Tax Cuts and Jobs Act, which granted certainty to market participants that seasoned loans and loans that were in the pipeline with transcript information received from the IRS prior to December 28 were never intended to be covered by the new consent requirement, ensuring liquidity in those markets.

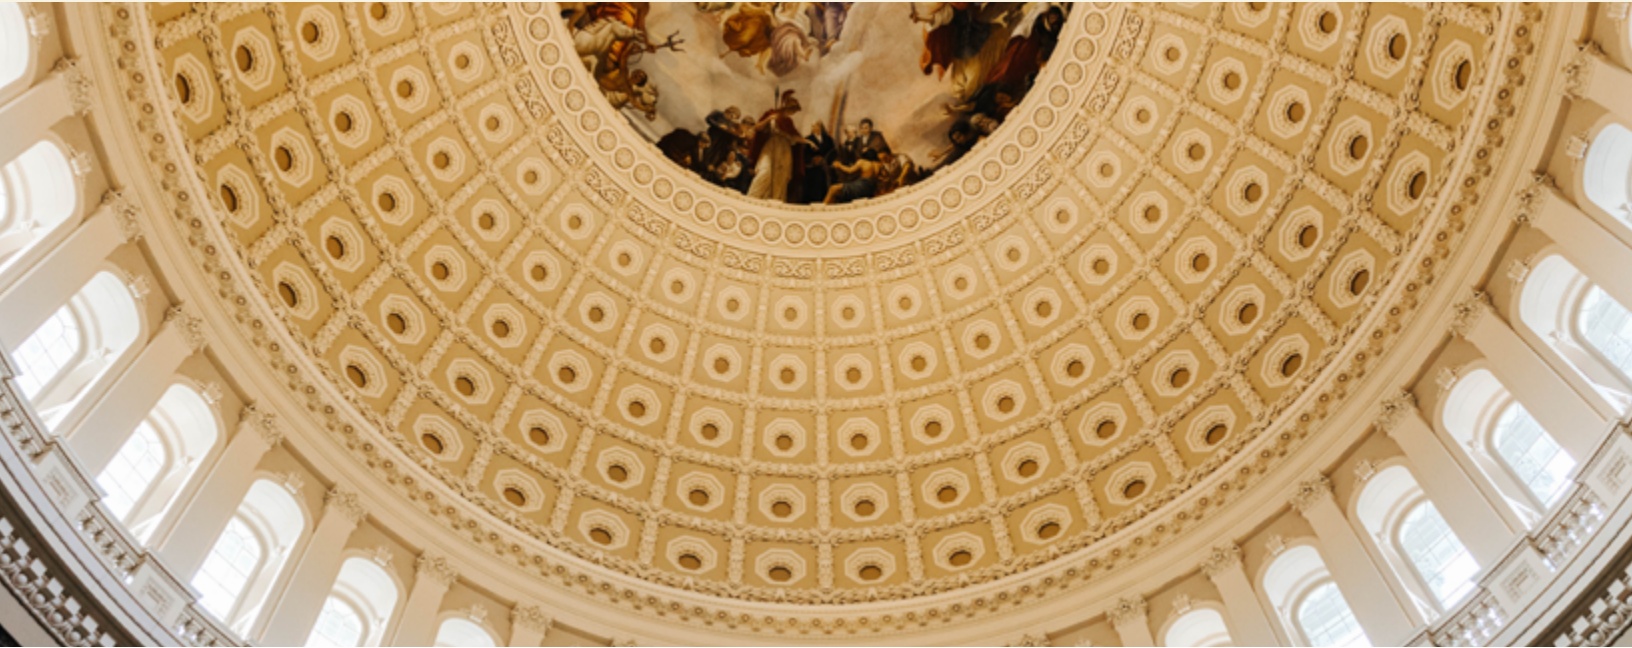

- Achieved long-advocated process reforms from CFPB that will help reduce “regulation by enforcement.” The Bureau has announced an advisory opinion program, no action letter program and trial disclosure program to better help regulated entities understand their obligations and end the practice of regulation by enforcement. MBA pushed for these specific changes and other process reforms in our Roadmap to CFPB 2.0.
- In April, response to MBA advocacy, the CFPB issued a final rule that increased the threshold for HMDA reporting from 25 to 100 loans in each of the two preceding years- which effectively exempts many of MBA’s multifamily members-and that permits affected lenders to stop reporting activity.

MBA ADVOCACY: WORKING FOR YOU

We continue to work closely with policymakers and stakeholders on a variety of issues affecting you, your customers, and the entire real estate market.

COVID-19 Pandemic Response Legislative Progress on Key Issues

- Improving the processes to implement forbearance requirements for COVID-affected borrowers, including advancing legislation that would compel FHA to insure loans in forbearance and the GSEs to purchase loans (regardless of mortgage type) without any punitive pricing.
- MBA continues to urge Congress to clarify that Section 4022 of the CARES Act applies over the same covered period as the related section 4023 of the CARES Act.

Legislative Progress on Other Issues

- Promoting legislation that would provide the federal government with new tools to encourage localities to remove regulatory barriers to housing affordability.
- Promoting bipartisan, bicameral legislation, which would offer tax credits to attract private investment for building and rehabilitating owner-occupied homes, creating a pathway to neighborhood stability through sustainable homeownership.
- Ensuring adequate federal funding to modernize FHA's antiquated IT infrastructure.
- Advancing legislation that would preventing the use of Fannie/Freddie guaranty fees to pay for non-housing related federal programs.

MORPAC SPEAKER SERIES

The MORPAC Speaker Series is a donor benefit program that features a slate of political speakers, including Members of Congress and key staff at national party committees, to provide our advocates with timely updates from Capitol Hill and election outlooks from key races across the country.

PAST SPEAKERS

**Senator Tina Smith
(D-MN)**

June 29

Senator Tina Smith serves on the Senate Banking, Housing, and Urban Affairs Committee and co-chairs the bipartisan Senate “Rural Economic Working Group” with Senator Mike Rounds (R-SD). Before her appointment to the US Senate, Tina served as Minnesota’s Lieutenant Governor. She has also served as Chief of Staff to both Minneapolis Mayor R.T. Rybak and former Governor Mark Dayton.

**Representative Ben
McAdams (D-UT)**

June 23

Congressman Ben McAdams is a freshman member of the House Financial Services Committee, serving on the Financial Institutions and Consumer Credit Subcommittee. He also co-chairs the Housing Task Force of the New Democrat Coalition. Before Congress, he was the twice-elected mayor of Salt Lake County, served in the Utah State Senate and practiced law in New York and Utah, assisting businesses with federal securities regulation compliance.

**Representative
Drew Ferguson (R-GA)**

March 31

In his newly-appointed role of Chief Deputy Whip for House Republicans, Congressman Drew Ferguson serves as a key partner for Whip Scalise and Leader McCarthy in their efforts to unite the Republican Conference behind legislation. He also serves on the Committee on Ways & Means, the House Committee responsible for overseeing tax reform and new trade deals.

2020 MORPAC CONTRIBUTORS

MORPAC is incredibly grateful for the support of over 1,500 unique, industry-wide contributors from across the country. We've come a long way, more than doubling our contributions to MORPAC in the last decade, and we could not have done it without you and your continued generous investment. Thank you to each individual who is a part of our 2020 campaign. We appreciate your support and are proud to recognize you.

If you, or someone from your team, have any questions or would like to run a MORPAC campaign at your company, please contact MORPAC Staff at morpac@mba.org or (202) 557-2777. All companies will be recognized virtually and in MBA Advocacy communications, including MAA's bi-weekly newsletter (with nearly 50,000-member distribution list), MORPAC's Year-End Report and MBA Advocacy Spotlight.

MORPAC COMPANY CAPTAINS

In an effort to increase participation in our MORPAC efforts and expand our political reach, we are pleased to recognize our MORPAC Company Captains.

A MORPAC Company Captain is an eligible industry professional who volunteers to help promote MORPAC within their company. They will maintain responsibility for running an annual MORPAC campaign, increasing participation in supporting the PAC's fundraising efforts, and engaging their company in other MBA advocacy platforms.

Learn how you can help get your company more involved in MORPAC by becoming a MORPAC Company Captain. Contact MORPAC or call (202) 557-2777, and we can schedule an individual call to discuss details.

2020 ELECTION CYCLE MORPAC DISBURSEMENTS

Thanks to the generous support of our advocates, MORPAC has contributed over \$1.75 million to House and Senate candidates and national party committees so far in the 2020 election cycle, continuing to place us among the top 20 trade association PACs nationally.

This marked growth of the PAC has significantly enhanced our political clout among key elected officials in both congressional chambers and across the political spectrum by:

- Providing maximum contributions to congressional leadership and other notable committee Members.
- Strengthening relationships with national party committees through providing contributions for building and recount funds.
- Supporting more Members and candidates outside of the leadership/committee-heavy structure we currently follow.
- Increasing our engagement with open seat races and educating candidates early about issues important to our industry.
